Projects

Restaurant Website: <https://github.com/Jsoriano17/Restaurant-Website>

This is a site made to look like a real restaurant website. The site is made using bootstrap 4.

Weather API Website: <https://github.com/Jsoriano17/Weather-Website>

The weather website was made using darksky API using location to get information on what the weather is like where you're currently at.

Clothing Website: <https://github.com/Jsoriano17/Clothing-Website>

This is a static website showing the layout of a clothing store website.

Community Website: <https://github.com/Jsoriano17/Community-Website>

My community site was made to look like it belongs to some kind of organization.

Rock, Paper, Scissors Game Website:

<https://github.com/Jsoriano17/Rock-Paper-Scissors-Website>

Rock, Paper, Scissors website is a game site made using javascript.

Surreal Art Website: <https://github.com/Jsoriano17/Surreal-Website>

Surreal art website is a passion project showing what surreal art, artists, and displaying surreal art in an art gallery manner.
