Projects

Home Inventory: <https://home-inventory-website.herokuapp.com/>
Home inventory is an app built to help people organize their household items in case of an emergency or disasters.

Covid19-Chart: <https://covid-19-statistics-website.netlify.app/>
covid 19 chart is a website displaying updated information on the coronavirus around the world with deaths, recoveries, and cases.

UToob: <https://github.com/alanqicao/DevPoint-Labs-Hackathon---UToob>
UToob is an app that mimics the way youtube looks and works. The app was created during a hackathon between myself and 3 other people.

Trello Clone: https://github.com/Jsoriano17/trello_clone
This is a trello clone only using ruby on rails. Bootstrap is the framework used to make the application look better.

Clothing Website: <https://github.com/Jsoriano17/Clothing-Website>
This is a static website showing the layout of a clothing store website.

Rock, Paper, Scissors Game Website:

<https://github.com/Jsoriano17/Rock-Paper-Scissors-Website>
Rock, Paper, Scissors website is a game site made using javascript.
